## Liste Art Fair Basel announces 29 edition of the art fair 2024

### For immediate release:

Basel, Switzerland 22 May 2024 – Liste Art Fair, Basel announces the 29 edition of the pioneering art fair that aims to champion emerging galleries and outstanding artists while showcasing a younger generation who represent the latest developments and trends in contemporary art.

This year the celebrated art fair that opened its doors for the first time in 1996, will showcase 91 galleries from 35 countries around the globe. There will be 75 solo and 16 group presentations exhibited alongside 5 joint booths resulting in more than 100 differing cultural voices being amplified to an international audience during the fair. Liste is unique in that it is the only art fair where two thirds of the galleries are showing a single artist exhibition resulting in the curating of, over 70 solo exhibitions cementing its position as a pioneering champion of contemporary artists and the art sector.

The galleries planned presentations manifest clearly that in the current art landscape there is a pertinent tendency to explore the complex relationship between humans and the environment demonstrating the sense of urgency to highlight ecological, social and political issues while another key theme resonating with artists includes a reflection on time, memory and transience. Visitors at Liste 2024 will engage with artists who use their practice to explore the ephemeral nature of the human experience and the inevitable confrontation with morality and loss.

Peter Bläuer, Co-Founder, Liste Art Fair, Basel, has managed Liste for 23 years and led it to its great success. This year he has stepped in as artistic director on an interim basis and commented: "Almost every young gallery still applies to Liste and wants to be part of this important platform in Basel. This year, we are once again able to present the most promising new galleries and their artists to an international audience of experts. It makes me very happy to once again work with Stiftung Liste Basel on this important task of helping to promote a future generation of galleries. What could be better than supporting and helping? So, dear experts! take a good look! There is a lot to discover again this year."

Reto Nussbaum, Commercial Director, Liste Art Fair, Basel 2024, commented: "We took our core task, which is to find the most exciting up-and-coming galleries, very seriously once again this year. With great joy and endless thanks to my team and my co-director Peter, we are looking forward to a fantastic 2024 edition."
